

RSE & PSHE Curriculum Overview

Our theme for this half term is:

Motivation (Going For Goals)

Theme Overview

The theme focuses on motivation and self- awareness. It provides opportunities for children to reflect on their abilities, qualities and strengths.

Children will be encouraged to explore learning behaviour and the skills and dispositions that make an effective learner.

Goal-directed behaviour is explored more fully and opportunities are provided for children to set a goal and plan to meet it in a systematic way.

We will explore the importance of taking responsibility learning behaviour.

We will work on longer-term dreams and aspirations and use these to make long term plans.

We will work on the importance of resilience in overcoming obstacles in order to reach a goal.

We will explore the theme's objectives in our Monday SEAL assemblies and in class.

Week beginning:	Focus Word
10 th January 2022	Goal
