Team 6 Newsletter Autumn 1 2023

In **Literacy** this term, Team 6 have been writing their own autobiographies as well as learning about how to write about heroes like Marcus Rashford, J.K. Rowling, Michael Jordan, Serena Williams and Chadwick Boseman. In Reading, we've been learning about different reading strategies and tools to improve our understanding via the amazing *Cogheart*. It's an adventure story set in the Victorian era, which they have also been learning in History.

In **Maths**, Team 6 have been reminding themselves and expanding their understanding of place value, addition, subtraction and multiplication. They've also been improving their arithmetic skills with regular test, feedback and strategy sessions (you should have also received an extra practise paper for them to have a go at with you and the answers will come via email so you can see their progress for yourselves). Arithmetic will continue to be our focus next half term, plus the children will be learning about division, fractions and geometry.

There has also been some amazing elements in terms of the wider curriculum and cultural capital that we've enjoyed this half term: Young Hackney's relationship workshop and keeping healthy workshop; a drama workshop; a trip to the incredible Keats House; and assemblies for Black History Month (The Windrush Generation) and a jaw-dropping music performance. We look forward to more enriching experiences next half term like our trip to the cinema and our Junior Citizens event.

Mr Richard and Ms Amena
