Year 4 Newsletter Spring 1 2025

This half term has been really full and we have enjoyed completing several units of work.

In Literacy we began by finishing our unit on Poetry before moving on to our unit on Newspapers.

As our History unit features the Ancient Egyptians we chose a great fiction book called 'The Ancient Egyptian Sleepover' by Stephen Davies as our Destination Reader book. This has been really enjoyable and full of fascinating facts about the Egyptians!

As well as our History studies in class, where we have learnt a lot about the Ancient Egyptians, we also had a great visit to the British Museum. We saw amazing statues of the Pharaohs, their coffins and Mummies, and many other fascinating artefacts.

We might have to go back when we study the Romans next term!

In Maths we have done really well and completed our Multiplication and Division Units before moving on to measurements. At present we are measuring length and calculating perimeters.

Challenge: Do you know the perimeter of the Great Pyramid of Giza in Egypt?

In Science we are studying states of matter: solids, liquids and gasses.

R.E. has focused on what is important to people in their local communities, and P.E. has featured Outdoor Games and Dance.

We had a fantastic
Art Project.

Another great half-term for Year 4 - we look forward to the next one!
