Year 4 Newsletter Spring 2 2025

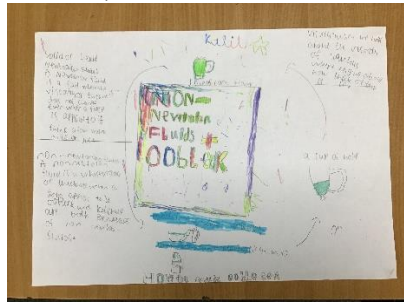

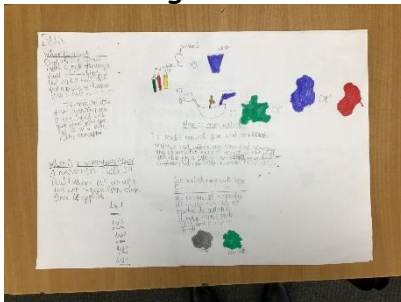

Year 4 have had a great half term!

In **Literacy** we completed our study of the Ancient Egyptian Sleepover. We also studied letter writing, with a focus on informal emails.

In **Maths**, as part of our study of Measurements, we learnt about Time. We have since moved on to Money, and converting pounds to pence and vice versa.

In **Science** we had an exciting time completing our 'Animals in their Habitats' topic, and we learnt how to classify different animals. For the Science Fair we really enjoyed demonstrating how to make Oobleck, non-Newtonian fluid!

In **Geography** we have been learning about Rivers and Water Cycles, and in **R.E** we have studied Easter.

Well done to all the class for working so hard this term.

Y4 are a lovely class to teach and we all look forward to resuming our studies in the new term.
