- Be ready

# Nursery's Newsletter

## Autumn 2- 2025

### Personal, social and Emotional Development-

#### Stay on Green

The stay on Green behavior system is in full swing in the nursery and so many 'green behaviours' are observed every day. All the children are trying hard to talk about their own behavior and the behavior of others. Every week they are taught a different technique to use to help them calm. Please look out for green leaves which will be sent home next term to celebrate 'green behaviours' at home.

#### Tidy up Time music from around the World

Every week the nursery listen to different music from around the world. Every child has a turn to talk about their family and where they come from. This is celebrated and music is chosen to listen to which reflects the country.

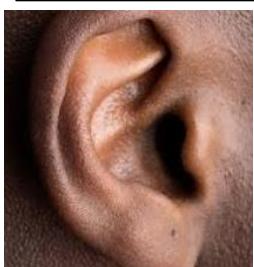

### Patterns... Are all around us

The nursery have been looking for patterns around them. They have made their own repeat pattern and are learning to recognise the unit of repeat in a pattern. Have a look at some of the patterns they have made.

### Phonics- Drumming are us!

This half term the nursery have been learning about instrumental sounds. They have learnt the names of familiar percussion instruments and how to play them. The children explored making their own sound makers using a range of materials. They performed to nursery rhymes using instruments with our specialist music teacher: Miss Kate. They also had an opportunity to play a real drum!

### Senses

Please remember to ask your child about their senses. Can they name them? Encourage your child to name which sense they are using through games such as listening walks, scavenger hunts, mystery bags and cooking experiences.

## Communication and Language- Brown Bear, Brown Bear

What do you see? I see a wonderful class of nursery children looking at me! We had so much fun learning this story, acting it out with Makaton and creating our own new version of it. The nursery children learnt about different types of bears, how they move and what they like to eat.

**Our next story in the Spring term will be:**

**The Little Red Hen**

Please feel free to buy a copy of the story to read at home with your child or borrow a copy from the local library.

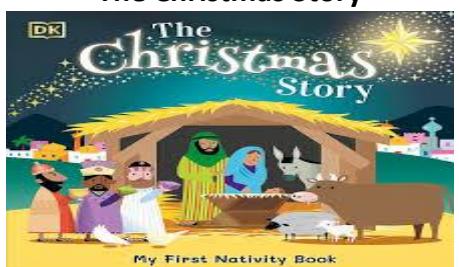

**Bear**

**Making a bear from Tap- tap**

## **The Christmas Story**

As part of the RE curriculum the nursery have been learning about how Christians celebrate Christmas. They used a nativity scene with props to retell the story. This led to lots of discussion about babies and why they are special. There were many new words which the nursery learnt such as wise men, shepherds, angels and Jesus.

The nursery team would like to wish all our Christian families

***A Very Merry Christmas and a restful holiday to everyone else.***

## Reminders:

- Book bags must be returned on Mondays and a new book is given every Tuesday.
- Parents and carers must change their child's class library book on a Tuesday at the end of their child's session. All books borrowed must be signed out in the **PURPLE** book.
